

TORONTO City Manager's Office

The City Manager is the most senior official in the City's administrative structure and is accountable to City Council for the policies and programs delivered by members of the Toronto Public Service. The City Manager is assisted by four Deputy City Managers and the Chief Financial Officer and Treasurer.

The City Manager's Office leads the municipal administration and ensures accountability through effective governance, public service, partnerships, and intergovernmental relations. These efforts advance City policies, programs, and Council's priorities.
