

July 16, 2025

Basement Flooding Protection Program Road Closure on St. Clair Avenue East and Plaxton Drive

Contract: 23ECS-LU-03FP

Expected Start Date: July 18, 2025

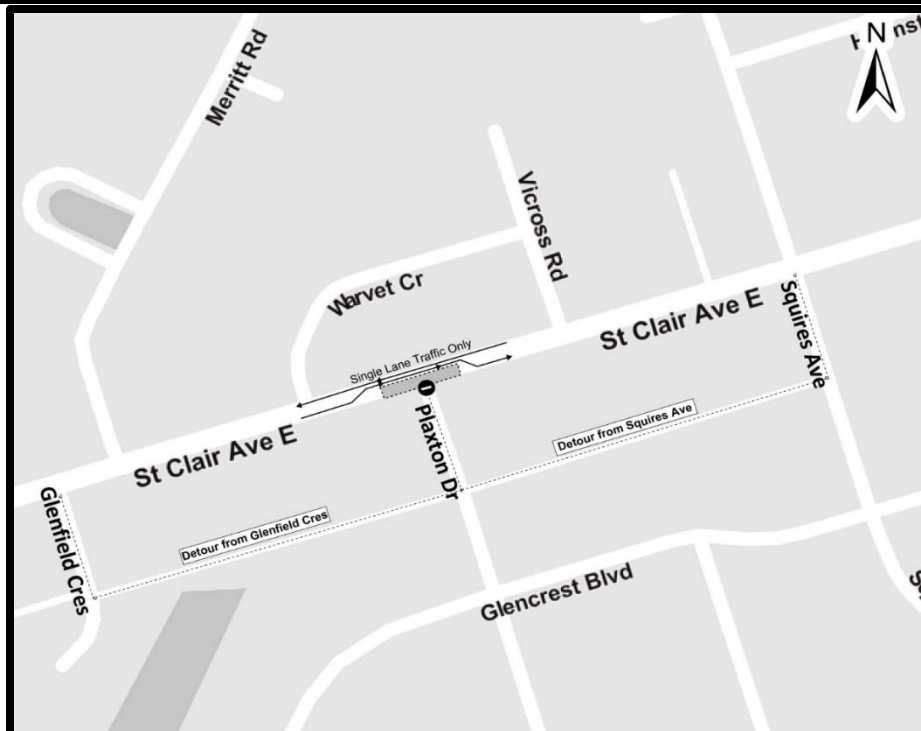

Expected End Date: July 23, 2025

**Content/dates subject to change.*

The City of Toronto is modifying and upgrading the storm and sanitary sewer systems in your area to reduce surface and basement flooding. As part of the planned work, the City will be completing sanitary sewer installation work at the intersection of St. Clair Avenue East and Plaxton Drive, beginning on Friday, July 18, 2025, and continuing through Wednesday, July 23, 2025. Construction will occur during the hours from 7:00 a.m. to 11:00 p.m., Monday through Saturday, and 7:00 a.m. to 7:00 p.m. on Sunday.

While the road closure is in place, there will be no access to Plaxton Drive from St. Clair Avenue East. Traffic signs will be in place, indicating a necessary detour through Glenfield Crescent via Lane S (St. Clair E Glenfield) and Squires Avenue via Lane S (St. Clair E Plaxton Dr.). For added safety, a flagger will assist with pedestrian crossings, and a Paid Duty Officer will be on site during the work. We apologize in advance for the inconvenience.
