## A. OVERVIEW

The City of Toronto (herein referred to as the “**City**”) has a history of providing City-owned or City-leased community spaces to eligible non-profit organizations for nominal, below-market rent (referred to as “**Community Space Tenancy**” or “**CST**”). Community organizations are important partners in furthering the City’s strategic objectives through programs and services to Toronto residents that meet community needs.

In 2017, Toronto City Council adopted the [Community Space Tenancy Policy](#) (“**CST Policy**”), as amended in 2020. For additional information or term definitions for the content below, see the CST Policy. Toronto City Council and City staff will follow a process for leasing City-owned and managed Community Space in a consistent, fair, accountable, and transparent approach, guided by the following principles:

**Fairness and Equity:** The City will apply fair and equitable criteria for the determination of eligibility of the organization(s) for Community Space Tenancies.

**Openness and Transparency:** The City will provide information about the allocation of Community Space Tenancies, including the evaluation processes, publicly accessible.

**Accountability:** The City will make information about the allocation of space available to the public and make decisions regarding the allocation of such space in public.

This Request for Expressions of Interest (herein referred to as the “**REOI**”) is for eligible not-for-profit organizations (herein referred to as an “**organization**”) interested in applying for a below-market rent Community Space Tenancy, pursuant to the CST Policy, and subject to a Lease Agreement and Service Agreement with the City.

An approximately 5,365 square foot (498 square metre) community space (hereinafter referred to as the “**Community Space**”) is available for lease on the ground floor (south side) of a new 11 storey, purpose built rental building located at 300-304 The East Mall. In addition, Phase 1 of the overall project includes another 30 storey building and in total, just under 400 rental units. 40% of those rental units will be considered as affordable rental units. Further to the residential buildings, the proposed development also includes a new public park at the southwest corner of the site. The community space will directly face the public park.

The community space will include a kitchenette; flexible meeting room; two (2) multi-purpose spaces, storage; a universal washroom; a men’s washroom and a women’s bathroom; two (2) parking spaces and a client consultation room that could also serve as an office.

The Community Space is near the intersection of Bloor Street West and The East Mall, in the Eatonville-Bloorlea area, at the intersection of four social planning neighbourhood boundaries (Islington, Etobicoke West Mall, Markland Wood, and Etobicoke City Centre). The closest subway station is Kipling Station along Line 2, with the 111 East Mall bus route linking the Community Space to the subway and Kipling GO Station. The Community Space is also accessible by car from nearby Highway 427.

## Tenant Responsibilities:

Subject to a Lease Agreement with the City, the successful organization (in this context, referred to as a “**Tenant**”) pays a basic rent of \$2.00 a year, in addition to utilities, insurance and common area maintenance costs, which together are estimated to range from \$20.00 to \$30.00 per square foot. Per the Community Space Tenancy policy, up to two (2) subtenants are permitted to share the space and costs with the head tenant.

The Tenant is able to make leasehold improvements to the space, subject to approval by the City of Toronto’s Corporate Real Estate Division (CREM) and Toronto Buildings (if required). Conservative estimates for leasehold improvements range from \$210 to \$260 per square foot.

Applicant due diligence for leasehold improvements and costs must reflect the applicant’s planned finishes, layout, and program-specific space needs. The successful organization must demonstrate it is capable of the capital commitment required to finish and furnish the individual space to an operational level that suits the organization and provide an ongoing operational fiscal plan per the CST Policy.

This is an REOI only; it is not a call for proposals or tender. The information contained in this REOI is for information purposes only to assist an interested organization in assessing whether or not to respond to this REOI. No representation or warranty, express or implied, is made by the City or any of its agents, as to the accuracy or completeness of such information. Neither the City or its agents will be responsible for, and hereby expressly disclaim, all liability for any errors, omissions or inaccuracies in connection therewith.

The applicant must disclose to the City in its response to this REOI any potential or actual conflict of interest that might compromise this REOI process, or whether it is aware if any City employee or a member of the organization's board of directors has a financial interest in the organization and the nature of that interest. If such a conflict of interest or financial interest exists or arises at any point leading to the selection of an organization, the City may, at its discretion, decline to consider the applicant's response and refuse to proceed any further in this REOI process, unless and until the matter is resolved to the City's sole satisfaction.
